

CREATIVE MATHEMATICAL SCIENCES COMMUNICATION 2026

12-15 October 2026, Aula Magna "A. Lepschy",
Department of Information Engineering, University of Padova

WHAT IT IS

CMSC 2026 is designed for researchers in mathematics and computer science education who develop activities to engage children and young people without the use of computers, adhering to the philosophy of Computer Science Unplugged.

INVITED SPEAKERS

TIMOTHY C. BELL, University of Canterbury

Reflections on 30+ years of CS Unplugged

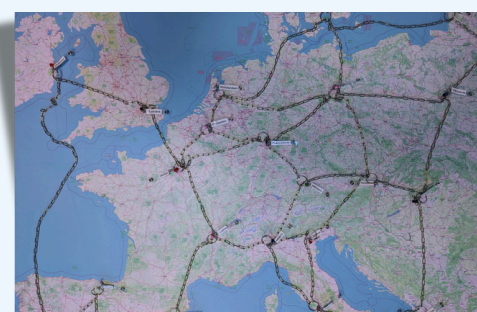

VANESA GUERRERO LOZANO, Universidad Carlos III de Madrid

Mathematics beyond the classroom: two experiences in science communication

NEELDHARA MISRA, Indian Institute of Technology

Building Joyful Interactives

+ TALKS AND POSTERS

OCTOBER 15: TEACHERS' DAY

One-day workshop on creativity in the teaching of mathematics and computer science.
The aim is to foster a mutual exchange between primary and secondary school teachers and researchers.

ORGANIZING COMMITTEE

MAARTEN LÖFFLER, Utrecht University

ALICE RAFFAELE, Università di Padova

FRANCESCO SILVESTRI, Università di Padova

REGISTRATION DEADLINES

Early registration: September 08, 2026

Late registration: October 04, 2026
